

TAEWOONG PRECISION HUNGARY Kft.

To whom it may concern

I am writing to recommend Magna Novitas Kft. They have made the plasterboard walls of our new company in 2022. January and we are really satisfied about it. Keep contact with them were very smooth, compliance with deadlines was exact and the work is fast.

We would like to say special thanks to the company leader, Szabolcs Pásztor who has arranged the process always ready to answer from beginning to end.

I hope we can make such a good business relationship in the future like this.
